

MD Anderson UTHealth Houston Graduate School (GSBS) Fall 2022 Semester Info Sheet

The GSBS administration understands your concerns about coronavirus exposure on campus. Since the vaccine rollout, incidences of COVID-19 infections have been low, especially in the research environment. **If there is an infection cluster located near your research lab, you will be notified of any potential exposure.** Our parent institutions, MD Anderson Cancer Center and UTHealth Houston, have protocols in place to ensure safe work environments for GSBS students.

Get complete details about the school's COVID-19 response at go.uth.edu/GSBS-Alerts.

**Wash your
hands often**

**Practice social
distancing when
possible**

**Wear proper PPE on campus
and while working in the lab***

**PPE policies differ at MD Anderson and UTHealth.
Please check institutional resources for more information.*

**If you are sick, or have been exposed to
COVID-19, please stay home and seek
medical attention immediately:**

- UTHealth Student Health Services: 713-500-5171; 713-500-5173 after hours)
- MD Live telemedicine: members.mdlive.com/bcbstx (Requires an account.)

When contacting Student Health Services, please follow their instructions during your illness and for your return to campus.

If you are working at an MD Anderson lab, please contact MD Anderson Employee Health & Well-being (713-745-6900, EHOccHealth@mdanderson.org) as well and follow their instructions before returning to the lab.

If you feel overwhelmed and need counseling:

- UTHealth Student Counseling Services telehealth access: go.uth.edu/UTHstudent-counseling
 - 24-hour crisis hotline: 713-500-4688
-

Traveling?

If you plan to travel during the fall semester (during the holiday breaks), please note that you will need to follow institutional travel policies before and after your trip. Learn more at go.uth.edu/GSBS-Alerts.
